1a. Are you a **successor** to a **for-profit organization**? If "Yes," explain the relationship with the **predecessor** organization that resulted in your creation and complete line 1b.

Divergent Labs is the new name for the organization previously known as Ian Ford Software Corporation, a for-profit corporation. The amended Articles of Incorporation changed both the name and the purpose.

1b. Explain why you took over the activities or assets of a for-profit organization or converted from for-profit to nonprofit status.

The original purpose of incorporation in 2007 was simply to earn money doing software engineering services, with the plan to hire a small team. We were not able to earn market salaries or attract enough talent and contracts to fulfill that idea in any major way, but over time our motivation and practice shifted towards helping our contractors with disabilities (particularly autism) connect with opportunities that they otherwise would not get. In 2012 we enrolled in a New Mexico program (Horizons of NM) that gives disabled workers priority on state contracts. As we expand the scope of the organization, it makes sense to keep our client relationships that were established under the for-profit corporation uninterrupted so that we have work opportunities to offer.

3a. Provide the name, last address, and EIN of the predecessor organization and describe its activities.

Divergent Labs, Inc. (formerly Ian Ford Software Corporation) while it was for-profit was a software development company, providing web sites and business database software.

5. Do or will any of the persons listed in line 4, maintain a working relationship with you? If "Yes," describe the relationship in detail and include copies of any agreements with any of these persons or with any for-profit organizations in which these persons own more than a 35% interest.

Crystal Western Ford relinquished stock upon conversion to non-profit, and continues to serve as a director. Star Ford relinquished stock upon conversion to non-profit, and then stepped down from the board. She was and is the lead engineer

6a. Were any assets transferred, whether by gift or sale, from the predecessor organization to you?

If "Yes," provide a list of assets, indicate the value of each asset, explain how the value was determined, and attach an appraisal, if available. For each asset listed, also explain if the transfer was by gift, sale, or combination thereof.

Two computers with estimated value of \$700, and software licences with an estimated value of \$1,500 continue to be used by the organization after its conversion to non-profit.

9. Will you lease or rent property or equipment to persons listed in line 4, or to for-profit organizations in which these persons own more than a 35% interest? If "Yes," attach a list of the property or equipment, provide a copy of the lease or rental agreement(s), and indicate how the lease or rental value of the property or equipment was determined.

Please see Part V, question 8a, describing the potential lease of land from Star Ford.
